

RECYCLINGWEEK

21-27 OCTOBER 2019

This Procurement Monday, only purchase what is made able to be recycled and shine a spotlight on your supply chain to see whether there are any opportunities to use recycled content instead of virgin materials.

This Waste-Free Tuesday, make a conscious effort to not use your waste bin and be sure to recycle or compost any items that have an end of life solution.

This Spring Clean Weekend, take the time to identify everything that can be reused, repaired, repurposed, recovered, or recycled in your home.

This Reusable Wednesday, challenge yourself to only use reusable containers and aim to use zero packaging throughout the day.

This Reflection Friday, think about what you have learnt during the week and how you can change your recycling habits for the better.

Unclean (contaminated) products often do not get recycled. This Rinse and Clean Thursday, ensure all containers and packaging going in a recycling bin are adequately rinsed and cleaned before disposal.

Look out for how you can win one of our awesome prizes this year and keep up to date with Recycling Week 2019 by following our [recycle.co.nz](https://www.facebook.com/recycle.co.nz) Facebook page. Register now by emailing davida@reclaim.co.nz to sign up to our RW email list and receive our daily quizzes during the week. Make sure you also download the Recycling Week Playbook.
